

Reflective Practice Forum Supported Playgroups/Family Workers

**A practical workshop for Families NSW
Projects. How can we strengthen our work
towards a more collaborative approach?**

This Workshop is a Regional Reflective Practice Forum, an initiative of the FNSW Facilitated Forums Project. Regional Practice Forums aim to:

- Identify sector learning needs and promote Best Practice through guest presenters and new resources
- Support projects working under each Service Activity Description (SAD) to identify priority strategies to achieve intended results
- Create an opportunity to inform and share innovative practice and collaborative partnerships
- Act as a channel for information sharing back to FNSW Implementation Group (FIG) area planning processes

The FNSW Facilitated Forums Project is a new initiative aimed at supporting and building collaborative practice in working with families with young children. The project also aims to support shared learning, reflective practice and Best Practice service delivery
