Our Aim

To enhance and develop the skills and knowledge of workers, to assist them to support families living in a diverse and changing environment.

FWT+DP is a training organisation for people working with families in Western Sydney. FWT+DP has identified its role in contributing to the overall result of **safe, healthy, resilient (and inclusive) children, young people, families and communities** as increasing the capacity of workers and the service system to provide families/communities with quality support.

Core Learning Goals for all Events

- > Increased capacity in Strengths-Based practice
- > Increased knowledge in evidence-based Family Work
- > Increased knowledge about the topic
- > Increased confidence to apply knowledge
- > Increased capacity for conscious practice

Through research and consultation with workers in the sector FWT+DP develop a variety of learning and development opportunities. Example of events provided include: half day to two day workshops, reflective practice sessions, conferences and forums.

FWT+DP is known for providing quality affordable training, delivered by skilled, experienced trainers.

All events provide opportunities for workers to meet and share experiences, knowledge and support with work colleagues in the community sector.
